## Assurances of District Level Support for Leadership Development

I attest that as a part of my registration for the CEEL Platinum Principal program, I have discussed my participation with my district supervisor and received his or her full expressed support for my involvement in the program series. My supervisor understands that my participation is for the purpose of developing potential to effectively serve in a district level position at some point in the future but does not indicate any promise of promotion in this district currently or in the future. Participation will be supported through approval to engage in the activities stated in a required individual development plan to be designed as a program element. Program activities will include the following experiences:

- 1) Confidential leadership assessment and executive coaching debrief session;
- 2) Individual development plan (IDP) based on assessment results;
- 3) Participation in three workshops in Columbia;
- 4) Guided self-evaluation of measurable outcomes indicated in IDP; and
- 5) Back-end 360-degree feedback assessment and executive coaching debrief in spring, 2020.
